

Vacation Scholarships for Undergraduates

The Vacation Scholarship Scheme is intended for Scottish students undertaking a degree course at a Scottish university, who have shown exceptional merit at university, and who would like to devote some portion of the long vacation (typically from May onwards) to undertake a programme of independent research of direct benefit to their academic work.

Terms and Conditions

Tenure

1. Vacation Scholarships are tenable for a minimum length of two weeks and a maximum length of twelve weeks. The award letter will specify the length of the award as decided by the selection panel.
2. Awards are not transferable to a different student or project.
3. The project supervisor and/or host, if undertaking the research at another organisation than the student's home university, must provide the necessary scientific guidance and all research costs to enable the student to complete the Vacation Scholarship. The project supervisor and/or host must also ensure all ethical and regulatory requirements relevant to the project are completed before the start of the Scholarship.
4. A Carnegie Vacation Scholarship cannot be held in conjunction with a similar award from a different funder.

Scholarship value and payment

5. The value of the Scholarship is **£250 per week**. Research costs are not covered under this scheme.
6. Payment of the funds will be made to the University attended by the student on receipt of an invoice. A single invoice should be issued for all Vacation Scholarships at the same university once all end reports have been received and approved by the Trust.
7. Universities are expected to disburse the stipend to the students at regular intervals during the project.
8. A scholarship may be cancelled if a student fails to demonstrate satisfactory progress during the project's lifetime, or abandons it.
9. The Trust will cancel any scholarship which fails to start by the agreed date.
10. Should a project be cancelled or abandoned after the start date, the amount invoiced to the Trust must be adjusted according to the number of full weeks completed by the student.

Reporting

11. Students are expected to submit a brief **report** on their project to the Trust **by the 31st of August** in the year of award. Supervisors should also comment on the completed work. A report form is downloadable from the Trust's website at: <http://www.carnegie-trust.org/schemes/undergraduate-schemes/vacation-scholarships.html#application-and-reporting-process>
